Mint Condition Lyrita LPs

From the private archive of Lyrita Proprietor Richard Itter

Lyrita Recorded Edition & Wyastone Estate Ltd are pleased to make available for sale by auction 97 titles from the original Lyrita LP catalogue. All copies come from the private archive of Lyrita's founder and proprietor, Richard Itter. The LPs, which are all 'Nimbus' pressings, were manufactured in the company's Monmouth premises during the mid 1980s. Every LP is in its original sleeve.

These examples have never been shipped for sale and have been stored upright in their factory boxes in dry, dark, temperate conditions since manufacture.

This release of 1,987 LPs constitutes the major part of the Lyrita archive, only a handful of reference copies are being retained.

## Operation of the Auction

The auction will open at 09.00 on 1 September 2010 and will close at 24.00 on 5 December 2010.

Bids will only be accepted if made by post, fax or e-mail, an order form is attached to this catalogue. LPs will be allocated solely on the highest value bid. Successful bidders will be contacted after the auction has closed at which time we will confirm the allocation, calculate postage and collect payment details.

Lyrita wishes to make these LPs widely available so will only allocate 1 example of any title per bid. However, in the event that all bids are satisfied and some LPs remain these will be allocated to any bidders requesting multiple copies and solely on the highest value bid.

Any LPs which fail to reach their minimum bid, and which are unsold at the close will be returned to the Lyrita archive.

Bidders will be informed of a bid reference number. They may revise this bid at any time. Wyastone will give periodic bulletins of the status and value of bids for each title via the Lyrita website [www.lyrita.co.uk](http://www.lyrita.co.uk). This information will not be given by phone, mail or e-mail.

Copies of this catalogue and order form can be downloaded from [www.lyrita.co.uk](http://www.lyrita.co.uk)

**Simon Heffer, *The Daily Telegraph*** "From the 1960s to the 1990s, those with a taste for obscure English classical composers, or for the obscure works of the well-known ones, needed only one port of call: Lyrita Records. It is like coming across long-buried treasure, and represents perhaps the finest exhibition our music has ever had."

**Edward Greenfield** "One point to emphasise is the quality of sound that Richard Itter always insisted on. Ambitiously he employed some of the finest engineers in the recording business, notably those from the Decca company under Kenneth Wilkinson. That means that even Lyrita recordings over 30 years old rival and even outshine many of the latest digital recordings."
